

MC ALUMNI PROFILE:

Guy Lemieux

"If you continue to work hard, clients and success will follow...push yourself and you will succeed".

Guy graduated from MC College's Hairstyling program at the Winnipeg campus in 2009. Prior to starting a career in the Beauty Industry, he assisted with editorial and competitive photo shoots, where he worked with Hairstylists, Makeup Artists and Wardrobe Stylists. Working with Hairstylists on set inspired him to pursue a career in the Industry. MC College Winnipeg was the right place for him as it offered everything he was looking for: mentoring in hair competitions, opportunity to volunteer at photo shoots and fashions shows, and a good reputation.

While he was a student at MC College, he entered his first hair competition: The North American Hairstyling Awards. From being a Stylist at one of Winnipeg's high-profile salons to winning prestigious industry awards, his biggest lesson learned since graduating is the importance of hard work and the value of continuous education.
