

MC ALUMNI PROFILE:

John Radu

*“Work hard and really absorb everything that is being taught... never stop educating yourself. Education is the key to success!”*

From Don Draper’s side part and the classic pompadour to electronic dance music, John is a barber and master stylist by day and a DJ by night. As a 1997 graduate from the Hairstyling program at the Calgary campus, he is the owner and visionary behind Cannibale Barbershop; the first barbershop/lounge concept in Calgary. He has dedicated over 20 years in the beauty industry as a stylist, barber, educator, platform artist and entrepreneur.

His career in Hairstyling started at a young age. *“I have been around the industry all my life but at that time I never wanted to be a Hairdresser”* says John. His mother, a Hairstylist, influenced him to be part of the industry. *“I really loved everything about the course. Even all the sets and finger waves...it does pay off in the long run! It was good to learn everything and never box yourself into just one thing”*.
