

MC ALUMNI PROFILE:

Marlo Steenman

“Dress the part and act the part...you will never know everything...remember we are all students for life”.

Marlo is a graduate from MC College Edmonton’s Hairstyling Program. Coming from a family full of Hairstylists who all went to MC College, she was influenced by them to launch a career in the same industry. Her obsession with hair started at a young age: *“I remember [my dad] bringing home mannequin heads to practice on...I would do their hair...make a salon in my bedroom...I CAUGHT THE BEAUTY BUG!”.*

From Master Colourist to Educator and Platform Artist, Marlo has dedicated over 30 years to the beauty industry. She has travelled across the world to places such as Spain, France, Mexico, Dominican Republic, New York, Las Vegas and throughout Canada, to teach and perform in hair shows.
