May 10, 2020
October 11, 2020

WHAT YOU'LL LEARN

In this 2 day intensive course, you will learn and master the hottest trends in the lash industry: lash lifting and volume lashes. As a beauty professional, you'll diversify your service offerings and attract and retain clients. You will learn treatment and application procedures, after care & the consultation process.

Lash lifting – extensions are not for everyone. Lash lifting is perfect for the client who wants to work with what they already have. This service creates the illusion of longer and fuller looking lashes.

Volume lashes – you will learn how to apply multiple lash extensions onto a single lash. The service maintains the health of the clients' lashes without adding extra weight to the eyelash follicle.

WHAT YOU'LL GET
